

Student Self-Assessment & Reflection

Use before and after the experience; add an approved work sample or portfolio link.

1 | Before: set a purpose

Student name or district-approved ID / experience

What do I want to find out or practice?

What strengths or interests do I bring?

Student Self-Assessment & Reflection

Use before and after the experience; add an approved work sample or portfolio link.

2 | During: notice and capture

Describe one task, problem, or decision you observed or completed

What tools, academic skills, or teamwork did you use?

What feedback did you receive, and how did you use it?

Student Self-Assessment & Reflection

Use before and after the experience; add an approved work sample or portfolio link.

3 | After: reflect and connect

What did I learn that I could not learn from a career description?

Did this change or confirm my interest? Why?

How does this connect to a class, credential, college, apprenticeship, military option, or job?

What is my next step, and who can help?

Approved portfolio artifact / link
